An emergency disaster exercise conducted by the Emergency Operations Center will be held on Monday September 5, 2022.

The exercise will be a Full-Scale Emergency Exercise on the ASG Manu'a Evacuation Plan; it is set to begin at 9 a.m., carrying on through the early afternoon.

This emergency exercise provides a valuable opportunity for the EOC, ASDHS, airport personnel, first responders, and law enforcement professionals to collectively test evacuation procedures, communication, and coordination.

Evaluators will then offer their assessment and feedback on what worked well; identify potential challenges; and what, if any, improvements could be made.” Those who witness activity in the area should not be alarmed.
